Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Frederick F. Calvetti on 9/18/06.

The application has been amended as follows:

In claim 18, line 1, deleted "by".

In claim 18, line 2, deleted "fluorinating F123 as obtained by application of a process".

In claim 18, line 3, after "comprising", inserted ", first preparing F123 by".

In claim 18, line 12, after "alumina", deleted "." and inserted "; and fluorinating the produced F123 to obtain F125."

Claims 21 and 22 have been canceled.

Applicants reserve the right to file a divisional application directed to the canceled subject matter.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Applicants' process for preparing pentafluoroethane is patentably distinct over the prior art of record because the prior art of record does not teach or suggest a process for preparing F123 by contacting F133a with chlorine in the presence of HF and in the presence of the

catalyst system comprising aluminum fluoride as presently claimed. All claims (18-20) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Elvis O. Price whose telephone number is 571 272-0644. The examiner can normally be reached on 8:30am to 5:00pm.
